INSTITUTION RATING

INSTITUTION'S CRA RATING: This institution is rated **Satisfactory.**

An institution in this group has a satisfactory record of helping to meet the credit needs of its assessment area (AA), including low- and moderate -income (LMI) neighborhoods, in a manner consistent with its resources and capabilities.

PERFORMANCE LEVELS	**PERFORMANCE TESTS**		
	Lending Test*	**Investment Test**	**Service Test**
Outstanding			
High Satisfactory	X	X	X
Low Satisfactory			
Needs to Improve			
Substantial Noncompliance			
** The Lending Test is weighted more heavily than the Investment and Service Tests when arriving at an overall rating.*			

The Lending Test is rated <u>High Satisfactory.</u>

- Lending levels reflect good responsiveness to AA credit needs.
- An adequate percentage of loans are made in the institution's AAs.
- The geographic distribution of loans reflects good penetration throughout the AAs.
- The distribution of borrowers reflects, given the product lines offered by the institution, adequate penetration among business customers of different sizes and retail customers of different income levels.
- The institution uses innovative and/or flexible lending practices in order to serve AA credit needs.
- The institution has made a relatively high level of community development (CD) loans.

- The institution exhibits a good record of serving the credit needs of the most economically disadvantaged areas of its AAs, low-income individuals, and/or very small businesses, consistent with safe and sound banking practices.

The Investment Test is rated <u>High Satisfactory.</u>

- The institution has a significant level of qualified CD investments and grants, occasionally in a leadership position, particularly those that are not routinely provided by private investors.

- The institution exhibits good responsiveness to credit and CD needs.

- The institution occasionally uses innovative and/or complex investments to support CD initiatives.

The Service Test is rated <u>High Satisfactory.</u>

- Delivery systems are reasonably accessible to essentially all portions of the institution's AAs.

- To the extent changes have been made, the institution's opening and closing of branches has improved the accessibility of its delivery systems, particularly in LMI geographies and to LMI individuals.

- Services, including business hours, do not vary in a way that inconveniences portions of the AAs, particularly LMI geographies or individuals.

- The institution provides a relatively high level of CD services.

DESCRIPTION OF INSTITUTION

Poppy Bank is a community bank headquartered in Santa Rosa, California. Poppy Bank is wholly owned by a one-bank holding company, Big Poppy Holdings, Inc., also located in Santa Rosa. There are no affiliates or subsidiaries relevant to the CRA evaluation. The institution received a "Satisfactory" rating at its previous FDIC CRA Performance Evaluation dated March 28, 2022, based on the FFIEC Interagency Large Bank Examination Procedures. Poppy Bank has not been involved in any merger or acquisition activities since the prior evaluation.

Poppy Bank operates 33 full-service bank branches throughout the state of California. Since the prior evaluation, Poppy Bank opened 13 branches and 5 standalone ATMS; there were no branch closures during the same period. Poppy Bank offers traditional banking products including loan and deposit products to its customers. Loan products offered include commercial real estate, multi-family, equipment, construction, Small Business Administration (SBA), and United States Department of Agriculture loans, as well as lines of credit and credit cards. Poppy Bank is an SBA Preferred Lender and offers SBA 7(a), 504, and Express loans. Poppy Bank purchased home loans during the review period to diversify the institution's loan portfolio. Poppy Bank's primary lending focus is commercial real estate, followed by commercial and industrial loans. Poppy Bank also offers a variety of consumer and commercial deposit products and services, including checking accounts, savings accounts, money market accounts, and certificates of deposit. Alternative banking services include online and mobile banking, electronic bill pay, and ATMs. Refer to the delivery of services section for more detail.

According to the March 31, 2025 Reports of Condition and Income (Call Report), Poppy Bank's total assets were $6.8 billion, which includes total loans of $5.0 billion and total deposits of $5.6 billion. Total loans represent 73.5 percent of the bank's total assets. There have been no material changes to the institution's financial condition since the previous evaluation. The following table depicts the institution's loan portfolio distribution.

Examiners did not identify any financial, legal, or other impediments that would limit the institution's ability to meet the credit needs of its AAs.

DESCRIPTION OF ASSESSMENT AREAS

Poppy Bank's AAs include the following areas in California:

- Santa Rosa AA: Includes the entirety of the Santa Rosa-Petaluma MSA, which includes Sonoma County.

- Bay Area AA: Includes the entirety of the following MSAs: Napa, San Francisco-Oakland-Fremont, and San Jose-Sunnyvale-Santa Clara. This AA is comprised of the following counties: Napa, Alameda, Contra Costa, San Francisco, San Mateo, Marin, and Santa Clara. The bank removed the Vallejo MSA, which included Solano County from this AA since the previous performance evaluation.

- Los Angeles AA: Includes the entirety of the Los Angeles-Long Beach-Anaheim MSA and the Riverside-San Bernardino-Ontario MSA. This AA includes the following counties: Los Angeles, Orange, Riverside and San Bernardino.

- Sacramento AA: Includes the entirety of the Sacramento-Roseville-Folsom MSA. This AA includes Sacramento, Yolo, El Dorado, and Placer Counties.

- San Diego AA: Includes the entirety of the San Diego-Chula Vista-Carlsbad MSA, which includes San Diego County.

The Office of Management and Budget (OMB) released revised delineations for the MSAs, Micropolitan Statistical Areas, CSAs, and Metropolitan Divisions (MDs). The MSA changes occurred on July 21, 2023, and impacted Poppy Bank's AA as the Sonoma-Petaluma MSA was removed from the San Jose-San Francisco-Oakland CSA. This change had limited impact during this CRA performance evaluation, and the Sonoma-Petaluma MSA will be evaluated as a separate AA.

For the Bay Area and Los Angeles AAs, examiners reviewed the bank's performance at the MSA level. Since there were no inconsistencies at the MSA level, examiners presented the bank's performance at the CSA level within these two AAs. Refer to the individual AAs for additional information.

The following table specifies the average annual employment rates for each county within the AAs.

SCOPE OF EVALUATION

General Information

This evaluation covers the period from the prior evaluation dated March 28, 2022, to the current evaluation dated July 14, 2025. Examiners used the FFIEC Interagency Large Institution Examination Procedures to evaluate Poppy Bank's CRA performance. These procedures include three performance tests: the Lending Test, Investment Test, and Service Test. Refer to the Appendices for the criteria considered in these tests.

A full-scope review was conducted for the following AAs: Santa Rosa, Bay Area, Los Angeles, and Sacramento. A substantial majority of the bank's deposits, and loans are located in the Santa Rosa AA. The Santa Rosa AA carries the most weight in determining the overall rating due to the bank's greater lending volume and presence in this AA. The second highest weighted area was the Bay Area AA. The Los Angeles AA carries the third most weight as it includes the third largest concentration of lending volume and branch presence. Since the Sacramento AA was reviewed using limited scope procedures during the prior two performance evaluations, examiners reviewed the Sacramento AA using full-scope procedures at the current evaluation. The San Diego AA received the least weight in arriving at the overall conclusions and was reviewed limited-scope procedures at the current evaluation.

Activities Reviewed

Examiners analyzed the universe of loans originated from January 1, 2022, through December 31, 2024, and determined that the bank's major product line was small business lending. Examiners considered the bank's business strategy, market share, loan portfolio composition, and the number and dollar volume of loans originated or purchased during the evaluation period in making this conclusion.

Poppy Bank does not originate home mortgage loans and is not a HMDA reporter; however the bank briefly purchased home mortgage loans in 2022 and 2023, growing these loans from 6.9 percent during the prior evaluation to 12.2 percent of the bank's overall loan portfolio at the current evaluation. Small farm lending is less than one percent of the loan portfolio and will not be reviewed.

Examiners reviewed all small business loans reported pursuant to CRA data collection requirements during the evaluation period. In 2022, the bank reported 121 small business loan originations totaling $61.2 million. In 2023, the bank reported 91 small business loan originations totaling $42.4 million. In 2024, the bank reported 191 small business loans with originations totaling $62.6 million. At the time of this evaluation, 2024 small business aggregate lending data was not yet available. Therefore, examiners compared the bank's small business lending performance to the applicable year's aggregate lending data, as well as Dunn & Bradstreet (D&B) data.

Examiners also reviewed and presented the bank's 2022 and 2023 purchased home mortgage lending data. In 2022, the bank purchased 564 mortgage loans totaling $624.4 million. In 2023, the bank purchased nine mortgage loans totaling $10.4 million. The bank did not purchase any home mortgage loans in 2024. Since the bank is not a HMDA reporter, examiners utilized the 2020 U.S.

Census data as the source of comparable data for Poppy Bank's home mortgage lending analysis. Examiners analyzed and presented the universe of 2022 and 2023 home mortgage loans for the AA concentration criterion and considered all home mortgage loans originated inside the AA for the geographic distribution criterion. Since the institution does not collect or report HMDA data, examiners selected a sample of 49 home mortgage loans totaling $64.1 million for the 2022 borrower profile criterion. Due to the smaller volume of home mortgage loans purchased in 2023, examiners reviewed the universe of eight purchased loans within the AAs totaling $9.2 million.

Small business lending received the greatest weight for this evaluation given that the bank's primary lending strategy remained commercial lending throughout the entire evaluation period, as well as the composition of the institution's lending portfolio. Further, home mortgage activity was not consistent during the review period and primarily occurred in 2022. Lending activity in 2024 was more representative of the bank's business strategy and received more weight in the overall conclusions.

The evaluation of CD loans, investments, and services includes all qualified activities from the prior evaluation date of March 28, 2022, to March 31, 2025. The evaluation of the bank's CD activities is limited to those loans, investments, and services for which management could demonstrate met the primary purpose of CD. The evaluation of CD investments also includes all prior-period investments still outstanding at the time of this evaluation. CD loans, investments, and services were evaluated quantitatively based on the financial capacity of the bank, as well as qualitatively based upon the impact on the AAs. The institution does not have any specialized lending products that require separate analysis and presentation.

For the Service Test, examiners reviewed delivery systems for providing retail-banking services, including branches and alternative delivery systems, and the impact of any branch openings/closing during the evaluation period. Additionally, examiners reviewed retail banking products and services targeted toward LMI census tracts (CTs) or small businesses.

CONCLUSIONS ON PERFORMANCE CRITERIA

LENDING TEST

The Lending Test is rated "High Satisfactory." Performance in the Santa Rosa, Los Angeles, and San Diego AAs is consistent with this conclusion while the institution's performance in the Bay Area and Sacramento AAs was weaker. Refer to each individual AAs for more detail.

In July 2024, Poppy Bank created a small dollar line of credit program that was offered to new and existing customers bank-wide and originated eight loans for $365,000 during that time. The program was later discontinued due to lack of activity.

Overall, the institution exhibits a good record of serving the credit needs of the most economically disadvantaged areas of its AAs, low-income individuals, and/or very small businesses, consistent with safe and sound banking practices.

Lending Activity

Lending levels reflect good responsiveness to the credit needs of the AAs. In the three calendar years reviewed, the bank made 403 small business loans totaling $166.3 million. In 2022 and 2023, the bank purchased 573 home mortgage loans totaling $634.8 million. Loan volumes decreased since the prior evaluation where Poppy Bank originated 3,232 small business loans totaling $987.4 million. Home mortgage lending was not analyzed at the prior evaluation. Increased volumes during the prior evaluation were largely due to the SBA Payroll Protection Program (PPP) in 2020 and 2021. In addition, interest rates were relatively low during this same period, increasing loan volume. During the current evaluation period, there was significant growth in lending in 2024, which was the result of opening additional branches within the AAs, with the Los Angeles AA having the largest increase with four new branches. As a result, the Los Angeles AA experienced the most growth in lending activity during 2024. Refer to each individual AA sections for lending activity and market share details.

AA Concentration

An adequate percentage of loans are made in the institution's AAs. Refer to the following table.

Source: CRA Reported Data; Bank records										

Overall, the institution originated or purchased 63.4 percent by number and 60.3 percent by dollar volume of small business and home mortgage loans inside the AAs. Poppy Bank originated a larger concentration of small business loans inside the AAs at 85.6 percent by number and 81.5 percent by dollar volume during the evaluation period. The institution purchased a majority of home mortgage loans by number outside the AAs, but a majority by dollar volume inside the AAs.

Geographic Distribution

The geographic distribution of loans reflects good penetration throughout the AAs. The institution's performance in the Santa Rosa, Bay Area, Sacramento, and San Diego AAs was consistent with this conclusion. The Los Angeles AA's performance was stronger. Refer to the individual AA sections for more information.

Borrower Profile

The distribution of borrowers reflects, given the product lines offered by the institution, adequate penetration among business customers of different sizes and retail customers of different income levels. Performance in the Bay Area, Los Angeles, and Sacramento AAs was consistent with this conclusion. The institution's performance in the Santa Rosa AA was weaker, while performance in the San Diego AA was stronger. Refer to the individual AA sections for more information.

Innovative or Flexible Lending Practices

The institution uses innovative and/or flexible lending practices in order to serve AA credit needs. Many of these innovative and/or flexible lending programs are offered in all AAs. These loan programs require additional expertise by bank personnel and meet a defined need compared to conventional loans. Commercial Property Assessed Clean Energy (C-PACE) is a financing structure in which building owners borrow money for energy efficiency, renewable energy, or other projects

and make payments through assessments on their property tax bill. This type of program would be considered an innovative lending practice. Additionally, the institution created a small dollar lending program, demonstrating innovativeness.

The following is a description of Poppy Bank's innovative or flexible loan practices.

- C-PACE Financing Loans: C-PACE finances up to 100 percent of project expenses with up to 30-year terms and interest-only options. Poppy Bank works with building owners, developers, and investors to provide the best solutions for energy-efficient and environmentally sustainable building enhancements that can bring more liquidity, improve cash flow, reduce energy consumption, and promote job generation.

- Small Dollar Lending Program: As previously noted, Poppy Bank created a small dollar line of credit program in July 2024 that was offered to new and existing customers bank-wide.

- SBA 504 Loans: The institution is an SBA Preferred Lender, which is the highest lending designation a bank can achieve with the SBA. Poppy Bank originates loans under two SBA programs: Certificate Development Company 504 and 7(a). While SBA programs are not considered innovative, they offer small business borrowers a loan product choice when conventional financing is not a viable option.

Community Development Loans

The institution has made a relatively high level of CD loans. This conclusion is supported by the excellent level of CD lending in the Santa Rosa AA. The CD lending in the Bay Area AA was adequate. The level of CD lending within the Los Angeles, Sacramento, and San Diego AAs was relatively high. The following table lists Poppy Bank's CD lending by AA and CD type.

By year, Poppy Bank originated 44 CD loans for $180.2 million in 2022, 22 CD loans for $109.0 million in 2023, 16 CD loans for $102.3 million in 2024, and 1 CD loan for $600,000 in the first quarter of 2025. CD lending increased by number and dollar volume from the prior evaluation, where the bank made 71 CD loans, totaling $236.7 million over the same length in months as the current evaluation.

Overall, CD loans represent 6.8 percent of average total assets and 10.3 percent of average total loans. The current evaluation's ratio of CD loans to average total assets decreased slightly from the prior evaluation ratio of 7.6 percent. However, the current evaluation's ratio of CD loans to average total loans increased slightly from the prior evaluation's ratio of 9.9 percent.

The majority of the current evaluation's CD lending targeted economic development. The bank demonstrated good responsiveness to the economic development needs identified in most of the AAs by lending to small businesses. Poppy Bank's performance as a percent of average total assets and average total loans was higher than three similarly situated institutions chosen for peer analysis whose CD lending was considered adequate, relatively high, and a leader.

Refer to each full-scope AA section for further details and notable examples of CD loans provided.

INVESTMENT TEST

The overall Investment Test is "High Satisfactory." The institution has a significant level of qualified CD investments and grants, exhibits good responsiveness to credit and CD needs, and occasionally uses innovative or complex investments to support CD initiatives. The performance was consistent in the Los Angeles, Sacramento, and San Diego AAs. Poppy Bank's performance was higher in the Bay Area AA and lower in the Santa Rosa AA. Refer to each AA for further details.

Investment and Grant Activity

The institution has a significant level of qualified CD investments and grants. The combined new and prior period CD investments and donations totaled $298.0 million. Poppy Bank's qualified

investment and grant activity increased by 415.6 percent from the previous evaluation's adequate level at $57.8 million.

Of the total new qualified investments, Poppy Bank made $23.2 million in 2022, $50.2 million in 2023, $51.2 million in 2024, and $10.5 million during the first quarter of 2025. The review period also included $1.2 million in grants and donations. In addition, Poppy Bank maintained 34 prior period investments across the AAs with a current book value of $161.7 million. One notable C-PACE bond of $103.0 million helped revitalize and stabilize a hospital located in a moderate-income census tract to improve the hospital's energy efficiency, building improvements, and improve the hospitals cash flow. Overall, many of Poppy Bank's investments were mortgage-backed securities (MBS), SBA loan pools, and funding to CDFI's.

During the evaluation period, total qualified investments and grants represented 5.2 percent of average total assets and 22.1 percent of average total securities. These ratios are higher than the previous evaluation's ratios of 1.8 percent of average total assets and 16.0 percent of average total securities. Additionally, the percent of average total assets is significantly higher than five similarly situated institutions where two maintained adequate levels of qualified CD investments and grants, two maintained significant levels of qualified CD investments and grants, and one maintained excellent levels of qualified CD investments and grants. The similarly situated institutions had a percent of average total assets range from a low of 0.9 percent to a high of 2.5 percent. Poppy Bank's investments as a percent of average total securities were higher than four out of five similarly situated institutions who had ratios from a low of 3.2 percent and a high of 42.0 percent, respectively. Overall, the bank's level of qualified investments and grants was significant compared to the five similarly situated institutions.

The following table details the qualified investment and grant activity by rated area and CD purpose.

Poppy Bank made several investments that benefited the regional area that also includes the bank's AAs, specifically 32 investments for a total of $57.4 million. Also, several of the bank's

investments benefited multiple AAs. The following are examples of Poppy Bank's CD investment efforts at the regional level:

- In 2023, Poppy Bank made one MBS investment for $4.5 million that benefitted areas within the state of California, including the bank's AAs.

- Poppy Bank maintained a prior period investment for $2.0 million in an SBIC. The SBIC leverages SBA funding to support economic development in the statewide area, including the bank's AAs.

- In 2023, Poppy Bank built a deposit relationship with a Minority Depository Institution (MDI) totaling $10.0 million. The MDI is dedicated to providing economic opportunities and progressive growth for underserved Chinese American communities throughout California.

Responsiveness to Credit and Community Development Needs

The institution exhibits good responsiveness overall to credit and CD needs. This conclusion is supported by excellent responsiveness in the Bay Area AA, poor responsiveness in the Santa Rosa AA, good responsiveness in the Los Angeles AA, and adequate responsiveness in the Sacramento AA. The San Diego AA was consistent with the overall level of responsiveness. The credit and CD needs of each AA and the bank's responsiveness to those needs are discussed in the individual AAs.

Community Development Initiatives

The institution occasionally uses innovative and/or complex investments to support CD initiatives. The majority of Poppy Bank's investment activity consisted of SBA loan pools and MBSs, while also investing with CDFIs, which are not innovative or complex. However, Poppy Bank also maintained and continued to invest in SBICs that makes equity investments in lower- and middle-market businesses licensed by the SBA. In addition, the C-PACE program is particularly innovative and/or complex. Lastly, Poppy Bank invested in three Low-Income Housing Tax Credits (LIHTC), which are complex.

SERVICE TEST

The overall Service Test performance rating is "High Satisfactory." Adequate retail banking services and a relatively high level of CD services support this rating. Refer to each AA's Service Test conclusions for a detailed analysis.

Accessibility of Delivery Systems

Delivery systems are reasonably accessible to essentially all portions of the institution's AAs. Poppy Bank operates 33 full-service branches and 40 ATMs. The institution operates four branches, representing 12.1 percent of its branch network, in LMI CTs. This is below 25.4 percent of branches operated by all institutions located in LMI CTs in the institution's AAs. Additionally, Poppy Bank

operates one loan production office in the city of Irvine, focusing on small business lending. The following table details the distribution of CTs, population, branches, and ATMs in the AAs by CT income level.

Poppy Bank offers a variety of alternative delivery systems for customers to access banking products and services as follows.

- ATMs: Poppy Bank operates 40 ATMs, 33 of which are located at the institution's branches and 7 of which are standalone ATMs. Of the 40 ATMs, 10 or 25.0 percent are in LMI CTs. Additionally, 38 or 95.0 percent are full-service ATMs that accept deposits. Poppy Bank is a member of the MoneyPass network, which offers customers nationwide access to designated surcharge-free ATMs.

- Online Savings Product: Poppy Bank offers an online savings product that is advertised nationwide. Applicants throughout the nation can apply for the account through the institution's website. The product pays competitive interest rates comparable to the highest rates in the nation. Poppy Bank began offering this product during the fourth quarter of 2023, opening 11,937 accounts totaling $852.3 million since its inception.

- Non-Profit Partner Program Pledge: Poppy Bank offers a pledge to qualifying CRA nonprofits equal to 1.5 percent of average non-interest-bearing account balances and 0.5 percent of average qualifying interest-bearing account balances. Payments are made via check to organizations at the start of each year based on the average balances from the prior year. Poppy Bank began offering this product during the third quarter of 2024, with one organization opening a non-interest-bearing account since its inception.

- Online Banking: Customers can access various online banking services through the institution's website. These services allow customers 24-hour access to loan and deposit account information, view real-time account balances and history, transfer funds between accounts, make online bill payments, initiate stop payments, and export history to spreadsheets and money-management programs.

- Mobile Banking: Customers have 24-hour access to their personal banking account information via mobile devices and can view account balances and activities, make and manage mobile check deposits, transfer money between accounts, send bill payments, and locate branches and ATMs.

- Remote Deposit Capture Service: Business customers can deposit checks electronically at remote locations for virtually instant credit to their account. Paper checks are digitally scanned, and an image of the check is electronically transmitted to the customer's account.

- The institution also offers safe deposit boxes, wire transfer, night depository, and courier services.

Poppy Bank offers the same alternative delivery systems throughout its AAs; therefore, the discussion of alternative delivery systems is limited to this section of the evaluation.

Changes in Branch Locations

To the extent changes have been made, the institution's opening and closing of branches has improved the accessibility of its delivery systems, particularly in LMI geographies and to LMI individuals. During the evaluation period, the institution opened 13 new branches, including 2 branches in moderate-income CTs. The following table details the distribution of branch openings by AA and CT income level.

Net Distribution of Branch Openings/Closings						
AA	**# of Branch Openings**	**# of Branch Closings**	**Income Level of Census Tract (+/-)**

Refer to each respective AA analysis for details of the impacts on LMI geographies and to LMI individuals.

Reasonableness of Business Hours and Services

Services, including business hours, do not vary in a way that inconveniences portions of the AAs, particularly LMI geographies or individuals. All branches are full service and offer the same products and services. Business hours are generally similar and vary slightly according to local area needs. Business hours are generally from 9:00 a.m. to 5:00 p.m. Monday through Friday. Ten branches operate from 10:00 a.m. to 6:00 p.m. Monday through Friday and 10:00 a.m. to 4:00 p.m. on Saturdays, primarily as these branches are located in local grocery stores. Additionally, two branches in the city of Santa Rosa are private and solely for community residents and operate for

limited hours and days during the week. Refer to each respective full-scope AA analysis for additional details.

Furthermore, the institution offers a fee-free student checking account and a fee-free student savings account that pays interest equal to the highest promotional savings rate available throughout the institution's branches. These products are advertised in various school publications throughout the state of California. Poppy Bank began offering this product during the fourth quarter of 2024, opening 25 checking and savings accounts totaling $185,034 since its inception.

Community Development Services

The institution provides a relatively high level of CD services. During the review period, the institution provided 4,077 hours of CD services to 66 different organizations. By year, the institution's CD service activity consisted of 541 hours in partial year 2022, 684 hours in 2023, 2,088 hours in 2024, and 764 hours through March 2025.

Overall, Poppy Bank's level of CD service activity significantly increased since the prior evaluation's adequate level of CD services at 1,455 hours. The institution's annualized hours of 1,359 is above two similarly situated institutions that provide a relatively high level of CD services and significantly above one similarly situated institution that provides an adequate level of CD services.

Additional factors contributed to the institution's relatively high level of CD services. At the prior evaluation, Poppy Bank did not provide any CD services in its Sacramento and San Diego AAs compared to the current evaluation in which the institution provided CD services in all of its AAs. Additionally, the onset of the COVID-19 pandemic impacted the staff's ability to provide CD services at the prior evaluation, whereas the current evaluation did not experience this impact. While the institution increased its branch presence by 65.0 percent since the prior evaluation, it also increased its annualized hours by 180.2 percent or by nearly 3 times compared to the prior evaluation's annualized hours of 485.

CD services supported affordable housing, community services, and economic development, with the substantial majority supporting community services targeted to LMI individuals and families. A majority of the hours occurred in the Santa Rosa, Bay Area, and Los Angeles AAs, commensurate with the institution's footprint and scale of operations. The following table details the institution's CD services by CD purpose and hours in each AA.

DISCRIMINATORY OR OTHER ILLEGAL CREDIT PRACTICES REVIEW

The bank's compliance with the laws relating to discrimination and other illegal credit practices was reviewed, including the Fair Housing Act and the Equal Credit Opportunity Act. Examiners did not identify any discriminatory or other illegal credit practices.

SANTA ROSA ASSESSMENT AREA – Full-Scope Review

DESCRIPTION OF INSTITUTION'S OPERATIONS IN THE SANTA ROSA ASSESSMENT AREA

The Santa Rosa AA is located in Northern California and encompasses the Santa Rosa-Petaluma MSA, which includes Sonoma County. The Santa Rosa-Petaluma MSA was removed from the San Francisco CSA as of July 21, 2023, by the OMB. As a result of this OMB change, the Santa Rosa-Petaluma MSA is reviewed as a separate standalone AA as part of the current evaluation.

The following table details changes to the CTs as a result of the Census Bureau's release of the updated 2020 U.S. Census data during the evaluation period.

According to the 2024 D&B data, there are 51,090 businesses located in the AA with reported gross annual revenues (GARs) as follows:

- 90.7 percent of $1.0 million or less;
- 2.8 percent of more than $1.0 million; and
- 6.5 percent with unknown revenues

According to Moody's Analytics as of March 2025, the Santa Rosa-Petaluma MSA is a leader in tourism, due to wineries and craft breweries. The area has high costs relative to the emerging tech hubs in other parts of the state. The area has seen population loss due to rising home prices and declining working-age population. The climate is a strength of the area. The region's top employers include Kaiser Permanente, Granton Resort and Casino, St. Joseph Health System, and Keysight Technologies. The cost of living and the cost of doing business are above average at 132 percent and 135 percent, respectively. The following table lists the median family income ranges for the AA.

Competition

The AA is a moderately competitive market that includes several large national and regional financial institutions. According to the June 30, 2024 FDIC Deposit Market Share Report, 14 financial institutions operated 95 branches in the AA, which includes Poppy Bank and its 6 branches. Of these institutions, Poppy Bank ranked 3rd with 15.3 percent of the deposit market share. The top 5 institutions in the AA account for 72.2 percent of the deposit market share and approximately 57.9 percent of total branches. The three largest financial institutions with the largest number of deposits are Wells Fargo Bank, Exchange Bank, and Poppy Bank.

Community Contacts

Examiners interviewed one individual from the community that represents an economic development organization serving the AA. The contact stated the major sources of employment in the area are healthcare, hospitality, agriculture, and the winery industry. In addition, a challenge for the area is limited affordable housing. The contact stated that in some cases, people who live in Sonoma County will commute to larger cities for higher incomes. Others may live outside of Sonoma County due to the high unaffordability of housing, but they will commute to Sonoma County for work. The contact identified small business loans and grants, especially for small businesses and start-ups, as a need for the area. The contact also identified an opportunity for bank involvement by providing grant funds and resources to support small businesses.

Credit and Community Development Needs and Opportunities

Considering area demographics, economic data, and the community contact interview, affordable housing represents the AA's primary need. Another identified credit need is small business lending.

CONCLUSIONS ON PERFORMANCE CRITERIA IN THE SANTA ROSA ASSESSMENT AREA

LENDING TEST

Poppy Bank's Lending Test performance in the Santa Rosa AA is good. Lending level activity reflects good responsiveness. The geographic distribution reflects good performance throughout the AA while the borrower profile reflects poor performance. Poppy Bank was a leader in providing CD loans to the Santa Rosa AA.

Lending Activity

Lending levels reflect good responsiveness to AA credit needs. During the current evaluation, Poppy Bank originated or purchased 109 small business loans totaling $39.2 million and purchased 5 home mortgage loans totaling $5.5 million within the AA. At the prior evaluation, the AA was included within the Bay Area AA; therefore, the current evaluation represents the first evaluation in which the Santa Rosa AA is presented as a separate AA.

In 2023, Poppy Bank ranked 29th out of 100 lenders who reported 12,451 originated or purchased small business loans in the AA, giving Poppy Bank a market share of 0.3 percent by number and 3.2 percent by dollar volume. Poppy Bank's small business market share ranking decreased since the previous evaluation where the institution was ranked 15th in 2021.

Geographic Distribution

The geographic distribution of loans reflects good penetration throughout the AA. This conclusion is supported by good small business and poor home mortgage geographic distribution performance.

Small Business Loans

The geographic distribution of small business loans reflects good distribution throughout the AA. The bank's performance is below aggregate and D&B data in low-income CTs for 2022 and 2023. In 2024, performance exceeded D&B data in low-income CTs. The bank's performance exceeded the aggregate data and D&B data in moderate-income CTs for each year, presented with an increasing trend by both number and dollar volume. Refer to the following table.

Home Mortgage Loans

The geographic distribution of loans reflects poor penetration through the AA, particularly to low- and moderate-income geographies. The bank purchased four loans in 2022 and one loan in 2023. In 2022, the bank purchased two loans in middle-income CTs and two loans in upper-income CTs. In 2023, the bank purchased one loan in an upper-income CT. Due to the limited volume, a meaningful conclusion cannot be made.

Borrower Profile

The distribution of lending reflects poor penetration among business customers of different revenue sizes and retail customers of different income levels. This conclusion is supported by poor small business and home mortgage lending performance.

Small Business Loans

The distribution of borrowers reflects, given the product lines offered by the institution, poor penetration among business customers of different sizes. Refer to the following table.

In 2022, the bank's lending to businesses with GARs less than $1 million exceeded aggregate data. However, the bank's 2023 performance declined below aggregate data by over 10 percentage points. In 2024, Poppy Bank's performance declined even further. Given the downward trend in the percentage of loans to borrowers with GARs less than $1 million, the small business performance is poor.

Home Mortgage Loans

The distribution of borrowers reflects poor penetration among retail customers of different income levels. The bank purchased one loan in 2022 and one loan in 2023. Both loans were to upper income borrowers. Due to the low volume, a meaningful analysis could not be completed.

Community Development Loans

The institution is a leader in originating CD loans within the AA. There was one peer bank identified within the AA, where Santa Rosa substantially outperformed the peer bank by 84.4 percent. The following table shows the institution's CD lending by year and CD type.

Santa Rosa AA - Community Development Lending

The following are notable examples of qualified CD loans originated in the Santa Rosa AA during the evaluation period:

- In 2023, the bank originated a loan for $19.6 million with a primary purpose of building a low-income housing property. This loan supported affordable housing, which was an identified CD need for the AA.

- In 2024, the bank originated a $12.5 million loan to an organization that primarily serves LMI children and young adults through behavioral health and counseling support.

- In 2025, Poppy Bank originated a loan for $600,000 to an organization that develops and preserves affordable housing in the Santa Rosa area. This loan would construct four additional single-family residential properties on a lot to add additional affordable housing, which is responsive to the identified CD need for affordable housing within the AA.

INVESTMENT TEST

The institution has a poor level of qualified CD investment and grants in the Santa Rosa AA. The institution exhibits poor responsiveness to credit and CD needs. The institution does not use innovative and/or complex investments to support CD initiatives.

Investment and Grant Activity

The institution has a poor level of qualified community development, investment and grants, but not in a leadership position, particularly those that are not routinely provided by private investors in the Santa Rosa AA. There were no identifiable investments that specifically targeted the Santa Rosa AA. However, Poppy Bank made numerous statewide and regional investments that positively impacted the Santa Rosa AA and are discussed in the bank-wide section of the performance evaluation. Additionally Poppy Bank made 97 donations totaling $974,000 within the AA.

The following are notable examples of qualified CD donations originated in the Santa Rosa AA during the evaluation period:

- The bank committed monthly donations to a nonprofit organization that provides extracurricular programs for LMI children in the community. In total, the bank donated $468,000 to the community service organization throughout the review period.

- In 2024, the bank made three donations totaling $136,000 to support an organization focused on children with various learning disabilities. The funds were earmarked to primarily support LMI children.

- In 2024, the bank made a $12,500 contribution to a local food bank promoting community service.

Responsiveness to Credit and Community Development Needs

Poppy Bank exhibits poor responsiveness to credit and CD needs of the Santa Rosa AA. The majority of the institution's CD donations supported community services while affordable housing and small business investments were identified as the primary CD needs of the AA.

Community Development Initiatives

The institution does not make use of innovative and/or complex investments to support CD initiatives. Performance in this AA is inconsistent with the other AAs. Poppy Bank did not make any investments specifically designated for the AA during the review period. Refer to the institution-level analysis for further details.

SERVICE TEST

Delivery systems are reasonably accessible to essentially all portions of the Santa Rosa AA. Services, including business hours, do not vary in a way that inconveniences portions of the AA,

particularly LMI geographies or individuals. The institution provides a relatively high level of CD services in the AA.

Accessibility of Delivery Systems

Delivery systems are reasonably accessible to essentially all portions of the Santa Rosa AA. Alternative delivery systems and branch distribution are consistent with the institution overall. Poppy Bank does not operate any of its AA branches in low-income CTs, which is in line with institutions operating branches in the AA as the AA only contains one low-income CT. The institution operates 16.7 percent of its AA branches in moderate-income CTs, which is below the 28.5 percent of branches operating in moderate-income CTs by institutions in the AA. Nonetheless, Poppy Bank operates two ATMs in moderate-income CTs, which provide services to LMI individuals within the AA. The following table details the distribution of CTs, population, branches, and ATMs in the AA by CT income level.

Changes in Branch Locations

The institution did not open or close any branches in the Santa Rosa AA during the evaluation period; therefore, examiners did not evaluate this criterion.

Reasonableness of Business Hours and Services

Services, including business hours, do not vary in a way that inconveniences portions of the AA, particularly LMI geographies or individuals. Products and services offered in the AA are consistent with the institution overall. Business hours are from 9:00 a.m. to 5:00 p.m. Monday through Friday at three branches. One branch operates from 10:00 a.m. to 6:00 p.m. Monday through Friday and 10:00 a.m. to 4:00 p.m. on Saturdays as it is located in a local grocery store. Additionally, two branches are private and solely for community residents. One of these branches operates from 12:30 p.m. to 3:30 p.m. on Mondays and Fridays and 9:00 a.m. to 3:00 p.m. on Wednesdays. The other branch operates 8:30 a.m. to 11:00 a.m. on Mondays and Fridays.

Community Development Services

The institution provides a relatively high level of CD services in the AA. During the review period, the institution provided 1,181 hours of CD services. While the institution's annualized hours of 394 is below one similarly situated institution that provided a relatively high level of CD services, the institution's average hours of 66 per branch is comparable to the similarly situated institution. Accounting for the institution's overall branch footprint in the AA compared to the similarly situated institution, Poppy Bank provides a relatively high level of CD services in the AA. The substantial majority of CD services supported community services targeted to LMI individuals and families. The following table details the CD service hours by year and CD purpose.

According to the 2024 D&B data, there are 764,936 businesses located in the AA with reported GARs as follows:

- 90.7 percent of $1.0 million or less;
- 3.0 percent of more than $1.0 million; and
- 6.3 percent with unknown revenues

According to Moody's Analytics as of May 2025, the San Francisco-San Mateo-Redwood City MD is the largest and most expensive tech hub in the nation. The area continues to struggle in its recovery from the COVID-19 pandemic, with employment lows in the tech and finance industries offsetting job gains in healthcare and state and local government. The area has seen population loss resulting from persistent job losses, which have driven people out of the labor market and house

prices that have continued to rise steadily. The labor force is skilled and highly educated. Office vacancy rates continue to rise since the pandemic. Retail businesses have experienced reduced foot traffic from office workers. The region's top employers include University of California, San Francisco, Salesforce.com, Inc., Sutter Health, Kaiser Permanente Riverside Medical Center, and Visa, Inc. The cost of living and the cost of doing business is well above average at 175 percent and 202 percent, respectively.

Competition

The Bay Area AA is a highly competitive market that includes several large national and regional financial institutions. According to the June 30, 2024 FDIC Deposit Market Share Report, 76 financial institutions operated 1,160 branches in the AA, which includes Poppy Bank and its 11 branches. Of these institutions, Poppy Bank ranked 24th with 0.2 percent of the deposit market share. The top five institutions in the AA account for 80.3 percent of the deposit market share and

approximately 53.4 percent of total branches. The three largest financial institutions are Bank of America, Wells Fargo Bank, and JP Morgan Chase Bank.

Community Contacts

Examiners utilized an existing community contact. This contact represented an organization that assists in ending historical barriers in communities of color and connecting small businesses with non-profit support and fundraisers. The contact stated that rising interest rates have affected small business owners and their financial resilience. Needs exist for affordable housing and for financial institutions to support community land trusts. In addition, more financial institutions that enter into community benefits agreements are needed according to the contact. A community benefits agreement in the United States is a contract signed by community groups and a real estate developer that requires the developer to provide specific amenities and/or mitigations to the local community or neighborhood.

Credit and Community Development Needs and Opportunities

Considering area demographics, economic data, conversations with institution management, and one community contact, examiners determined that the primary credit needs of the area include affordable housing and commercial lending, particularly for small and start-up businesses.

CONCLUSIONS ON PERFORMANCE CRITERIA IN THE BAY AREA ASSESSMENT AREA

LENDING TEST

The institution's Lending Test performance in the Bay Area AA reflects adequate responsiveness. This conclusion is supported by adequate lending activity, good geographic distribution, adequate borrower profile, and an adequate level of CD lending.

Lending Activity

Lending levels reflect adequate responsiveness to AA credit needs. The level of lending activity decreased significantly when compared to the previous evaluation on an annualized CD level. At the current evaluation, Poppy Bank originated or purchased 64 small business loans totaling $20.4 million and purchased 91 home mortgage loans totaling $126.5 million. At the previous evaluation, Poppy Bank originated or purchased 587 small business loans totaling $94.2 million in the Bay Area AA. At the prior evaluation, 434 loans for $54.7 million within the AA were the result of PPP lending, which inflated small business lending by both number and dollar volume. Furthermore, the prior evaluation included lending activity that occurred in Sonoma County within the Bay Area AA analysis, further explaining the decrease in the current evaluation's lending activity.

In 2023, Poppy Bank ranked 82nd out of 221 lenders who reported 244,796 originated or purchased small business loans in the AA, giving Poppy Bank a market share of less than 0.1 percent by number

and 0.1 percent by dollar volume. Poppy Bank's small business market share ranking decreased since the previous evaluation where the institution was ranked 58th in 2021.

Geographic Distribution

The geographic distribution of loans reflects good penetration throughout the AA. This conclusion is supported by good small business and poor home mortgage geographic distribution performance.

Small Business Loans

The geographic distribution of small business loans reflects good penetration throughout the AA. While the bank's lending in low-income CTs is below aggregate and D&B data in 2022 and 2023, performance in low-income CT's improved in 2024 to 13.6 percentage points higher than D&B data. Furthermore, lending activity in moderate-income CTs exceeded aggregate and D&B data throughout the evaluation period. The institution's 2024 small business lending in moderate-income CTs was more than double D&B data.

Home Mortgage Loans

The geographic distribution of loans reflects poor penetration through the AA, particularly to low- and moderate-income geographies. The bank purchased 90 loans in 2022 and 1 loan in 2023. In 2022, the bank purchased 7 loans in moderate-income CTs, 22 loans in middle-income CTs, and 61 loans in upper-income CTs. In 2023, the bank purchased one loan in an upper-income CT.

Borrower Profile

The distribution of borrowers reflects, given the product lines offered by the institution, adequate penetration among business customers of different sizes and retail customers of different income

levels. This conclusion is supported by adequate small business and very poor home mortgage lending performance.

Small Business Loans

The distribution of borrowers reflects adequate penetration among businesses of different sizes. See the following table for the breakdown of small business loans originated and purchased in the Bay Area AA by size category.

Due to rounding, totals may not equal 100.0%.

In 2022, Poppy Bank originated only one loan to an entity with GARs of less than a $1 million; however, the majority of small business loans originated this year did not have revenue information. The institution's number and dollar amount of small business loans increased in 2023 and the bank's lending to businesses with GARs of less than $1 million improved to 46.7 percent. Poppy Bank's lending performance further improved in 2024 with 71.4 percent of small business loans made to businesses with GARs of less than $1 million. Given the bank's most recent year's performance and increasing trend throughout the review period, the bank's borrower profile performance is adequate.

Home Mortgage Loans
The distribution of borrowers reflects very poor penetration among retail customers of different income levels. The bank purchased 16 loans in 2022 and 1 loan in 2023. All purchased loans were made to upper-income individuals.

Community Development Loans

Poppy Bank made an adequate level of CD loans in the Bay Area AA. The level of CD loans decreased by number and dollar amount when compared to the prior evaluation. At the prior evaluation, the bank originated 27 loans totaling $111.1 million. At the current evaluation, the bank originated 13 loans for a total of $70.9 million. For added context, activities originated in the Santa Rosa AA were included in the Bay Area AA during the prior evaluation. As previously noted, the current evaluation is analyzing the Santa Rosa activities as a separate AA.

All three similarly situated institutions outperformed Poppy Bank, with two having relatively high performances and one having an adequate performance. Examiners noted that Poppy Bank's CD loans originated solely supported economic development, which was responsive to the CD need identified by the community contact. The following table illustrates the bank's CD lending activity by year and CD category.

Grants and investments increased 1,547 percent since the prior evaluation where Poppy Bank originated $11.4 million in the same period of time. Poppy Bank’s investment performance in the Bay Area AA was higher than four similarly situated institutions where three had significant performance and one had adequate performance within the AA.

Notable examples of investments that directly impacted the AA include the following:

- In 2024, Poppy Bank invested $12.8 million into a LIHTC that provided affordable housing to LMI individuals and families within the AA.
- In 2024, Poppy Bank invested $7.0 million into a LIHTC focused that supported affordable housing to LMI individuals and families inside the Bay Area AA.
- In 2023, Poppy Bank contributed to a deposit account with an MDI for $10.0 million promoting community services to LMI individuals.

Responsiveness to Credit and Community Development Needs

Poppy Bank exhibits excellent responsiveness to credit and CD needs of the Bay Area AA. The community contact within the AA identified a need for increased small business lending and additional support for improving affordable housing within the AA. Poppy Bank provided small business lending throughout the Bay Area AA and included 21 qualified investments and donations totaling $40.5 million to support affordable housing.

Community Development Initiatives

The institution makes significant use of innovative and/or complex investments to support CD initiatives. Poppy Bank supported CD within the AA by investing in two LIHTCs, five deposits with MDIs or low-income credit unions, four CDFIs, and three C-PACE investments. Examiners noted that the two LIHTCs are noteworthy complex investments. Performance in this AA is higher than the Santa Rosa, Sacramento, and San Diego AAs. Delivery systems are reasonably accessible to essentially all portions of the Bay Area AA. To the extent changes have been made, the institution's record of opening and closing of branches has improved the accessibility of its delivery systems, particularly in LMI geographies and to LMI individuals. Services, including business hours, do not vary in a way that inconveniences portions of the AA, particularly LMI geographies or individuals. The institution provides a relatively high level of CD services in the AA.

Accessibility of Delivery Systems

Delivery systems are reasonably accessible to essentially all portions of the Bay Area AA. Alternative delivery systems and branch distribution are consistent with the institution overall. Poppy Bank does not operate any of its AA branches in low-income CTs, whereas institutions in the AA operate 6.1 percent of branches in low-income CTs. The institution operates 16.7 percent of its AA branches in moderate-income CTs, 3.3 percentage points less than the 20.0 percent of branches operating in moderate-income CTs by institutions in the AA. The following table details the distribution of CTs, population, branches, and ATMs in the AA by CT income level.

Changes in Branch Locations

To the extent changes have been made, the institution's record of opening and closing of branches has improved the accessibility of its delivery systems, particularly in LMI geographies and to LMI individuals. During the evaluation period, the institution opened three branches as detailed below.

- In November 2022, the institution opened a branch in Fremont, located in a middle-income CT and bordered by four upper- and two middle-income CTs.

- In March 2024, the institution opened a branch in San Jose, located in a middle-income CT and bordered by five upper-, three middle-, and one moderate-income CT. The branch opening improved the accessibility of the institution's delivery systems, particularly to the one bordering moderate-income CT and to LMI individuals.

- In March 2025, the institution opened a branch in Walnut Creek, located in a moderate-income CT and bordered by four upper- and two middle-income CTs. The branch opening improved the accessibility of the institution's delivery systems, particularly in LMI geographies and to LMI individuals.

Reasonableness of Business Hours and Services

Services, including business hours, do not vary in a way that inconveniences portions of the Bay Area AA, particularly LMI geographies or individuals. Products and services offered in the AA are consistent with the institution overall. Business hours are from 9:00 a.m. to 5:00 p.m. Monday through Friday at seven branches. Five branches operate from 10:00 a.m. to 6:00 p.m. Monday through Friday and 10:00 a.m. to 4:00 p.m. on Saturdays primarily as these branches are located in local grocery stores.

Community Development Services

The institution provides a relatively high level of CD services in the Bay Area AA. During the review period, the institution provided 1,109 hours of CD services. CD service activity significantly increased since the prior evaluation's adequate level of CD services at 453 hours. Additionally, annualized hours of 370 more than doubled compared to the prior evaluation's annualized hours of 151. The institution's annualized hours is below two similarly situated institutions that provided a relatively high level of CD services. Accounting for branch presence in the AA, the institution's average hours of 34 per branch is above one similarly situated institution and comparable to another similarly situated institution.

Examiners noted that the prior evaluation's CD service hours included the Santa Rosa AA as part of the Bay Area AA, whereas the current evaluation is analyzing the Santa Rosa AA separately, which also accounts for the difference in hours from the prior evaluation. The majority of the institution's CD services supported community services targeted to LMI individuals and families. The following table details the CD service hours by year and CD purpose.

Source: 2020 Census And 2024 D&B Data (*) The NA category consists of geographies that have Not been assigned an income classification. Due to rounding, totals may not equal 100%.

According to the 2024 D&B data, there are 2,175,068 businesses located in the AA with reported GARs as follows:

- 92.3 percent of $1.0 million or less;
- 2.5 percent of more than $1.0 million; and
- 5.2 percent with unknown revenues

According to Moody's Analytics, the Los Angeles AA contains a strong healthcare base and a growing tech presence. The area struggles with a persistent negative net migration and is prone to disasters, such as wildfires. Construction labor supply is down, and homeowners' insurance is becoming more expensive due to the natural disasters. The area has a strong global presence through entertainment, tourism, and fashion industries. The top employers include Cedars-Sinai Medical Center, Los Angeles International Airport, University of California Los Angeles, and The Walt Disney Co. The cost of living and the cost of doing business are above average at 131 percent and 120 percent, respectively.

Competition

The AA is a highly competitive market that includes several large national and regional financial institutions. According to the June 30, 2024 FDIC Deposit Market Share Report, 115 financial institutions operated 2,424 branches in the AA, which includes Poppy Bank and its 4 branches. Of these institutions, Poppy Bank ranked 60th with 0.1 percent of the deposit market share. The top 5 institutions in the AA account for 62.9 percent of the deposit market share and approximately 49.0 percent of total branches. The three largest financial institutions are Bank of America, Wells Fargo Bank, and JP Morgan Chase Bank.

Community Contacts

Examiners utilized an existing community contact that represents an economic development organization serving the AA. Per the contact, the Los Angeles economy is showing some recent improvement. However, construction costs have been a challenge from the pre-development to construction phases. The higher construction costs mean more capital is needed, which now occurs more widely and not to a degree that has been seen historically.

Within the small business economy, business owners face challenges such as keeping up with wage rates, increased labor costs, receiving permits, and food/supply costs. The regulatory environment is also facing a challenge within the small business economy. The contact noted that even the well-capitalized and legacy businesses in well-off neighborhoods are also faced with these challenges. The contact noted that the population is shifting their daily habits, such as less daytime activity in

downtown Los Angeles with less office attendance. The contact identified opportunities for institutions to invest more capital into CDFIs as they believe some institutions may be hesitant and consider CDFIs risky investments. CDFIs present an opportunity for financial institutions to reach out to the small business community within the AA.

Credit and Community Development Needs and Opportunities

Considering area demographics, economic data, and community contact information, small business lending represents the AA's primary need due to the increased cost to operate a business with higher inflation and interest rates in recent years. Another identified need is home mortgage lending, including affordable housing.

CONCLUSIONS ON PERFORMANCE CRITERIA IN THE LOS ANGELES ASSESSMENT AREA

LENDING TEST

The institution's Lending Test performance in the Los Angeles AA is good. This conclusion is supported by good lending activity, excellent geographic distribution, adequate borrower profile, and a relatively high number of CD loans.

Lending Activity

Lending levels reflect good responsiveness to AA credit needs. The level of small business lending increased by dollar volume compared to the prior evaluation by 97.7 percent. At the current evaluation, the bank originated 136 small business loans for a total of $60.4 million and purchased 126 home mortgage loans for a total of $157.8 million. At the prior evaluation, the bank originated 138 small business loans for a total of $30.4 million, which was the result of PPP lending.

In 2023, Poppy Bank ranked 107th out of 303 lenders who reported 677,503 originated or purchased small business loans in the AA, giving Poppy Bank a market share of less than a hundredth of a percent by number and 0.1 percent by dollar volume. Poppy Bank's small business market share ranking decreased since the previous evaluation where the institution was ranked 90th in 2021.

Geographic Distribution

The geographic distribution of loans reflects excellent penetration throughout the AA. This conclusion is supported by excellent small business and poor home mortgage geographic distribution performance.

Small Business Loans

The geographic distribution of loans reflects excellent penetration throughout the AA. The bank's lending in low-income CTs is more than triple aggregate and D&B data for each applicable year. Furthermore, lending activity in moderate-income CTs significantly exceeded aggregate and D&B data while trending upward.

Home Mortgage Loans

The geographic distribution of home mortgage loans reflects poor penetration through the AA, particularly to low-and moderate- geographies. The bank purchased 122 loans in 2022 and 6 loans in 2023. In 2022, the bank purchased 1 loan in a low-income CT, 6 loans in moderate-income CTs, 14 loans in middle-income CTs, 97 loans in upper-income CTs, and 4 loan in a CTs without an income designation. In 2023, the bank purchased three loans in middle-income CTs and three loans in upper-income CTs.

Borrower Profile

The distribution of lending reflects adequate penetration among business customers of different revenue sizes and retail customers of different income levels. This conclusion is supported by good small business and very poor home mortgage performance.

Small Business Loans

The distribution of borrowers reflects, given the product lines offered by the institution, good penetration among business customers of different sizes. See the following table for the breakdown of small business loans made in the Los Angeles AA by size category.

Due to rounding, totals may not equal 100.0%.

In 2022, lending penetration to businesses with GARs of less than $1.0 million was higher than aggregate data. In 2023, Poppy Bank's lending penetration was slightly below, but within a reasonable range of aggregate data. In 2024, the institution's lending to businesses with GARs of less than $1.0 million grew substantially due to additional branch openings and target-focused marketing in Southern California. Aggregate data was not available for 2024, though D&B data and Poppy Bank's performance were in line with one another.

Home Mortgage Loans
The distribution of borrowers reflects very poor penetration among retail customers of different income levels. The bank purchased 25 loans in 2022 and 6 loans in 2023. In 2022, 1 loan was made to a middle-income borrower and 24 loans were made to upper-income borrowers. In 2023, all purchased loans were made to upper-income borrowers.

Community Development Loans

Poppy Bank has made a relatively high level of CD loans in the Los Angeles AA. The level of CD loans increased by number and dollar amount when compared to the prior evaluation. At the prior evaluation, the bank originated 40 loans totaling $117.4 million. At the current evaluation, the bank originated 44 loans for a total of $160.1 million. All three similarly situated institutions outperformed Poppy Bank, with two being considered leaders in the AA and one having adequate performance. Even so, annualized CD lending grew by 36.3 percent since the prior evaluation for Poppy Bank. The CD loans originated solely supported economic development, which was an identified CD need for the AA. The following table illustrates the bank's CD lending activity by year and CD category.

Grants and investments increased by 214.4 percent since the prior evaluation where Poppy Bank originated $11.1 million. Poppy Bank’s investment performance in the Los Angeles AA was higher than one out of three similarly situated institutions where the one peer bank was assessed with adequate performance. The remaining two peer banks were determined to have significant and excellent levels of performance, respectively.

Notable examples of investments that directly impact the AA include the following:

- In 2022, the institution invested in a $4 million LIHTC that supported affordable housing for LMI individuals and families.
- Poppy Bank maintained a prior period investment for $2.4 million in an MBS that supports affordable housing for LMI individuals within the AA.
- In 2024, the institution donated $9,000 to support financial literacy in schools, with a focus on schools with a majority of students that are LMI.

Responsiveness to Credit and Community Development Needs

The institution exhibits good responsiveness to credit and CD needs in the Los Angeles AA. The institution's investments primarily supported affordable housing, which was an identified CD need for the AA.

Community Development Initiatives

The institution occasionally uses innovative and/or complex investments to support CD initiatives. The institution invested in one LIHTC, which is a complex investment. Poppy Bank also invested in four SBA loan pools and made six deposits in MDIs that targeted the AA.

SERVICE TEST

Delivery systems are reasonably accessible to essentially all portions of the Los Angeles AA. To the extent changes have been made, the institution's record of opening and closing of branches has improved the accessibility of its delivery systems, particularly in LMI geographies and to LMI individuals. Services, including business hours, do not vary in a way that inconveniences portions of the AA, particularly LMI geographies or individuals. The institution provides an adequate level of CD services in the AA.

Accessibility of Delivery Systems

Delivery systems are reasonably accessible to essentially all portions of the Los Angeles AA. Alternative delivery systems and branch distribution are consistent with the institution overall. Poppy Bank does not operate any of its AA branches in low-income CTs, whereas institutions in the AA operate 3.4 percent of branches in low-income CTs. The institution operates 14.3 percent of its AA branches in moderate-income CTs, which is 6.3 percentage points less than the 20.6 percent of branches operating in moderate-income CTs by institutions in the AA. Changes in Branch Locations

To the extent changes have been made, the institution's record of opening and closing of branches has improved the accessibility of its delivery systems, particularly in LMI geographies and to LMI individuals. During the evaluation period, the institution opened four branches as detailed below.

- In July 2023, the institution opened a branch in Laguna Hills, located in a moderate-income CT and bordered by two upper-, five middle-, and four moderate-income CTs. The branch opening improved the accessibility of the institution's delivery systems, particularly in LMI geographies and to LMI individuals.

- In September 2024, the institution opened a branch in Calabasas, located in an upper-income CT and bordered by eight upper-income CTs.

- In September 2024, the institution opened a branch in Santa Monica, located in an upper-income CT and bordered by eight upper-income CTs.

- In January 2025, the institution opened a branch in Pasadena, located in an upper-income CT and bordered by eight upper- and one middle-income CTs.

Reasonableness of Business Hours and Services

Services, including business hours, do not vary in a way that inconveniences portions of the Los Angeles AA, particularly LMI geographies or individuals. Products and services offered in the AA are consistent with the institution overall. Business hours are from 9:00 a.m. to 5:00 p.m. Monday through Friday at five branches. Two branches operate from 10:00 a.m. to 6:00 p.m. Monday through Friday and 10:00 a.m. to 4:00 p.m. on Saturdays as they are located in local grocery stores.

Community Development Services

The institution provides an adequate level of CD services in the Los Angeles AA. During the review period, the institution provided 1,066 hours of CD services. CD service activity slightly increased since the prior evaluation's adequate level of CD services at 1,002 hours.

Annualized hours of 355 increased by 6.4 percent since the prior evaluation's annualized hours of 334. The institution's annualized hour performance is below two similarly situated institutions that provided a relatively high level of CD services and below one similarly situated institution that provided an excellent level of CD services. Accounting for branch presence in the AA, the institution's average hours of 89 per branch is above one similarly situated institution that provided a relatively high level of CD services and below two similarly situated institutions that provided a relatively high and excellent level of CD services, respectively.

Considering the institution's opening of four branches between July 2023 and January 2025, the level of CD services is adequate. The majority of CD services supported community services and economic development. The following table details the CD service hours by year and CD purpose.

The following are notable examples of CD services provided in the Los Angeles AA.

- During the review period, one employee served on the loan committee of a small business CDC, which provides small businesses with access to capital and opportunities.

- During the review period, several employees provided financial education and career readiness services to several schools where a majority of the students are eligible for the free or reduced lunch program.

- In 2025, several employees provided career readiness services including conducting mock interviews and reviewing cover letters and resumes to a non-profit organization that provides LMI youth with jobs, training, and education services.

Source: 2020 Census and 2024 D&B Data (*) The NA category consists of geographies that have Not been assigned an income classification. Due to rounding, totals may not equal 100%.

According to the 2024 D&B data, there are 289,358 businesses located in the AA with reported GARs as follows:

- 92.8 percent of $1.0 million or less;
- 1.7 percent of more than $1 million; and
- 5.5 percent with unknown revenues

According to Moody's Analytics as of March 2025, the Sacramento AA experienced receding employment results with weaknesses in transportation/utilities, retail, and manufacturing. Healthcare remains an anchor in the economy as employment in this industry is above-average in Sacramento compared to the rest of the nation. In addition, Sacramento is a healthcare hub for surrounding rural counties. The region's top employers include Kaiser Permanente, Sutter Health, UC Davis health, University of CA, Davis, Dignity Health, and Intel Corp. The cost of living and doing business is above average at 114 percent and 134 percent, respectively. The state government and the medical field are the main drivers of economic growth in the area.

Competition

The AA is a moderately competitive market that includes several large national and regional financial institutions. According to the June 30, 2024 FDIC Deposit Market Share Report, 37 financial institutions operated 313 branches in the AA, which includes Poppy Bank and its 4 branches. Of these institutions, Poppy Bank ranked 24th with 0.2 percent of the deposit market share. The top 5 institutions in the AA account for 81.8 percent of the deposit market share and approximately 57.8 percent of total branches. The three largest financial institutions are Bank of America, Wells Fargo Bank, and U.S. Bank.

Community Contacts

Examiners contacted one community member associated with a small business development organization. The interviewee serves the Sacramento area and assists small businesses. The contact indicated that living costs and businesses costs are high in Sacramento. Although the costs are not as high as compared to other surrounding areas, there is a need for more capital for small business assistance. Small businesses in the area have shown signs of recovery since the COVID-19 pandemic. The contact also indicated that there is a primary need for more assistance from banks to help serve small businesses. The contact noted that there are opportunities for more involvement from local financial institutions in conducting workshops as well as educational assistance to small business owners.

Credit and Community Development Needs and Opportunities

Considering area demographics, economic data, conversations with institution management, and one community contact, examiners determined that the primary credit needs of the area include commercial lending, particularly for small and start-up businesses.

CONCLUSIONS ON PERFORMANCE CRITERIA IN THE SACRAMENTO ASSESSMENT AREA

LENDING TEST

The institution's Lending Test performance in Sacramento AA is adequate. Adequate lending activity, good geographic distribution, adequate borrower profile, and a relatively high number of CD loans primarily support this conclusion.

Lending Activity

Lending levels reflect adequate responsiveness to AA credit needs. The level of small business lending decreased by 14.9 percent by dollar volume from the prior evaluation. At the current evaluation, the bank originated 20 small business loans for a total of $9.4 million. The bank also purchased 23 home mortgage loans for a total of $22.0 million within the AA. At the prior evaluation, the bank originated 56 small business loans for a total of $10.8 million. Increased small business volumes during the prior evaluation were largely due to PPP loans in 2020 and 2021.

In 2023, Poppy Bank ranked 87th out of 155 lenders who reported 67,415 originated or purchased small business loans in the AA, giving Poppy Bank a market share of less than 0.1 percent by number and 0.2 percent by dollar volume. Poppy Bank's small business market share ranking decreased since the previous evaluation where the institution was ranked 72nd in 2021.

Geographic Distribution

The geographic distribution of loans reflects good penetration throughout the AA. This conclusion is supported by excellent small business and very poor home mortgage geographic distribution performance.

Small Business Loans

The geographic distribution of small business loans reflects excellent penetration throughout the AA. The bank's lending in low-income CTs significantly exceeded aggregate and D&B data for each year reviewed. Furthermore, the institution's small business lending in moderate-income CTs was more than double aggregate and D&B data in 2022. The institution's lending performance declined in 2023, but increased in 2024. Overall, the institution's geographic distribution performance was excellent.

Home Mortgage Loans

The geographic distribution of loans reflects very poor penetration through the AA, particularly to low-and moderate-income geographies. The bank purchased 23 loans in 2022 and no loans in 2023. In 2022, the bank purchased 1 loan in a moderate-income CT, 2 loans in middle-income CTs, and 20 loans in upper-income CTs.

Borrower Profile

The distribution of lending reflects adequate penetration among business customers of different revenue sizes and retail customers of different income levels. This conclusion is supported by adequate small business and poor home mortgage performance.

Small Business Loans

The distribution of borrowers reflects, given the product lines offered by the institution, adequate penetration among business customers of different sizes. See the following table for the breakdown of small business loans originated and purchased in the Sacramento AA by size category.

The institution's lending to small businesses with GARs less than $1 million was below aggregate data in 2022; however, Poppy Bank's lending increased in 2023 and was within a reasonable range of aggregate data for that year. The institution's small business lending to businesses with GARs of $1 million or less further increased in 2024. Overall, the institution's increasing trend during the evaluation period represents adequate performance.

Home Mortgage Loans

The distribution of borrowers reflects poor penetration among retail customers of different income levels. The bank purchased three loans in 2022 and no loans in 2023. All purchased loans were made to upper-income individuals; however, given the limited volume of lending activity, a meaningful analysis could not be conducted.

Community Development Loans

Poppy Bank has made a relatively high level of CD loans in the Sacramento AA. The level of CD loans increased by number and dollar amount when compared to the prior evaluation. At the prior evaluation, the bank originated two loans totaling $3.7 million. At the current evaluation, the bank originated five loans for a total of $21.7 million. Of the three similarly situated institutions selected, two outperformed Poppy Bank on an annualized basis; one peer was considered a leader in the AA, while a limited scope review was conducted for the other peer bank and was considered below. The one similarly situated institution from the three selected was considered to have adequate performance in the AA. Even so, Poppy Bank's annualized CD lending grew by 485.8 percent since the prior evaluation. The institution's CD loans solely supported economic development, which was responsive to the identified CD need for the AA. The following table illustrates the bank's CD lending activity by year and CD category.

The following is a description of the institution's notable CD loans made during the evaluation period.

- In 2024, the bank originated an SBA 504 loan to a hospitality entity for $11.5 million that created jobs for LMI individuals.

- In 2023, the bank originated a $2.6 million loan to an entity in a moderate-income CT that supported retaining two jobs and the creation of one job for LMI individuals.

INVESTMENT TEST

The institution has an adequate level of qualified CD investments and grants, often in a leadership position, particularly those that are not routinely provided by private investors in the Sacramento

AA. The institution exhibits adequate responsiveness to credit and CD needs. The institution rarely uses innovative and complex investments.

Investment and Grant Activity

Poppy Bank has an adequate level of qualified CD investments and grants in the Sacramento AA. The following table shows the bank's qualified investments by year and purpose.

At the prior evaluation, Poppy Bank did not invest in any new qualified CD investments or make any CD donations within the AA. Poppy Bank's current evaluation's CD investment performance in the Sacramento AA was higher than two of four similarly situated institutions where the one peer bank was assessed with adequate performance. The remaining peer bank was a limited scope review and was considered below. The two peer banks that outperformed Poppy Bank were considered to have an excellent and significant performance within the AA, respectively.

Notable examples of investments that directly impacted the AA include the following:

- Poppy Bank maintained a prior period investment with a current book value of $453,000 in an MBS that supports affordable housing for LMI individuals in the AA.

- In March 2025, the institution invested $3.0 million in an MBS to promote affordable housing for LMI individuals in the AA.

- Poppy Bank donated $8,500 to a non-profit focused on providing LMI children with mentors.

Responsiveness to Credit and Community Development Needs

The institution exhibits adequate responsiveness to credit and CD needs. The institution's investments primarily supported affordable housing in the AA, which was an identified CD need.

Community Development Initiatives

The institution rarely uses innovative and/or complex investments to support CD initiatives. During the evaluation, the institution invested in seven MBS and two SBA loan pools. These investments, while important for the community, are not considered innovative or complex.

SERVICE TEST

Delivery systems are reasonably accessible to essentially all portions of the Sacramento AA. To the extent changes have been made, the institution's record of opening and closing of branches has improved the accessibility of its delivery systems, particularly in LMI geographies and to LMI individuals. Services, including business hours, do not vary in a way that inconveniences portions of the AA, particularly LMI geographies or individuals. The institution provides a limited level of CD services in the AA.

Accessibility of Delivery Systems

Delivery systems are reasonably accessible to essentially all portions of the Sacramento AA. Alternative delivery systems are consistent with the institution overall, while branch distribution is inconsistent with the institution overall. Poppy Bank operates four full-service branches in upper-income CTs. Institutions in the AA operate 8.4 percent of branches in low-income CTs and 23.3 percent of branches in moderate-income CTs. Although Poppy Bank doesn't operate any branches in LMI CTs, it operates one ATM within a low-income CT, which supports the low-income CT and surrounding area. The following table details the distribution of CTs, population, branches, and ATMs in the AA by CT income level.

Changes in Branch Locations

To the extent changes have been made, the institution's record of opening and closing of branches has improved the accessibility of its delivery systems, particularly in LMI geographies and to LMI individuals. During the evaluation period, the institution opened three branches.

- In May 2023, the institution opened a branch in Folsom, located in an upper-income CT and bordered by five upper- and one middle-income CT.

- In May 2023, the institution opened a branch in Elk Grove, located in an upper-income CT and bordered by three upper- and two middle-income CTs.

- In August 2023, the institution opened a branch in Sacramento, located in an upper-income CT and bordered by three upper-, one middle-, and three moderate-income CTs. This branch opening improved the accessibility of the institution's delivery systems, particularly to the bordering three moderate-income CTs and to LMI individuals.

Reasonableness of Business Hours and Services

Services, including business hours, do not vary in a way that inconveniences portions of the Sacramento AA, particularly LMI geographies or individuals. Products and services offered in the AA are consistent with the institution overall. Business hours are from 9:00 a.m. to 5:00 p.m. Monday through Friday at three branches. One branch operates from 10:00 a.m. to 6:00 p.m. Monday through Friday and 10:00 a.m. to 4:00 p.m. on Saturdays.

Community Development Services

The institution provides a limited level of CD services in the Sacramento AA. During the review period, the institution provided 492 hours of CD services, representing an increase since the prior evaluation where the institution did not provide any CD services. On an annualized basis, the institution provided 164 hours, which is slightly above one similarly situated institution that provides a limited level of CD services and below one similarly situated institution that provides a relatively high level of CD services.

Poppy Bank's CD services showed an increasing trend year-over-year, primarily given the three branch openings in 2023; however, 2022 still showed limited activities. The substantial majority of CD services supported community services targeted to LMI individuals and families. The following table details the CD service hours by year and CD purpose.

The following are notable examples of CD services provided in the Sacramento AA.

- During the review period, several employees provided financial education presentations to a company's employees, in which a majority of the employees were LMI.

- During the review period, one employee served in various directorate roles of a non-profit organization that provides community services to LMI youth. The employee participated in policy formulation, financial and governance reviews, and program oversight among others.

- In 2023, three employees provided financial education and business development consultation services to the beneficiaries of a small business CDC.

SAN DIEGO ASSESSMENT AREA – Limited-Scope Review

CONCLUSIONS ON PERFORMANCE CRITERIA IN THE SAN DIEGO ASSESSMENT AREA

The following table summarizes Poppy Bank's performance in the San Diego AA, which was reviewed using limited-scope examination procedures. The following conclusions are based on a review of available facts and data, aggregate lending comparison, and demographic information. The conclusions inconsistent with the bank-wide performance did not alter the institution's CRA performance. Facts and data supporting conclusions for the limited-scope AA follow, beginning with a summary of the institution's operations and activities followed by the limited-scope AA's geographic distribution and borrower profile tables. Descriptions of the limited-scope AA, including demographic data and market share information are included in the Appendix.

APPENDICES

LARGE BANK PERFORMANCE CRITERIA

Lending Test

The Lending Test evaluates the bank's record of helping to meet the credit needs of its assessment area(s) through its lending activities by considering a bank's home mortgage, small business, small farm, and community development lending. If consumer lending constitutes a substantial majority of a bank's business, the FDIC will evaluate the bank's consumer lending in one or more of the following categories: motor vehicle, credit card, other secured, and other unsecured. The bank's lending performance is evaluated pursuant to the following criteria:

1) The number and amount of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, in the bank's assessment area;
2) The geographic distribution of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, based on the loan location, including:
    i. The proportion of the bank's lending in the bank's assessment area(s);
    ii. The dispersion of lending in the bank's assessment areas(s); and
    iii. The number and amount of loans in low-, moderate-, middle- and upper-income geographies in the bank's assessment area(s);
3) The distribution, particularly in the bank's assessment area(s), of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, based on borrower characteristics, including the number and amount of:
    i. Home mortgage loans low-, moderate-, middle- and upper-income individuals
    ii. Small business and small farm loans to businesses and farms with gross annual revenues of $1 million or less;
    iii. Small business and small farm loans by loan amount at origination; and
    iv. Consumer loans, if applicable, to low-, moderate-, middle- and upper-income individuals;
4) The bank's community development lending, including the number and amount of community development loans, and their complexity and innovativeness; and
5) The bank's use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- and moderate-income individuals or geographies.

Investment Test

The Investment Test evaluates the institution's record of helping to meet the credit needs of its assessment area(s) through qualified investments that benefit its assessment area(s) or a broader statewide or regional area that includes the bank's assessment area(s). Activities considered under the Lending or Service Test may not be considered under the investment test. The bank's investment performance is evaluated pursuant to the following criteria:

1) The dollar amount of qualified investments;
2) The innovativeness or complexity of qualified investments;
3) The responsiveness of qualified investments to available opportunities; and
4) The degree to which qualified investments are not routinely provided by private investors.

Service Test

The Service Test evaluates the bank's record of helping to meet the credit needs of its assessment area(s) by analyzing both the availability and effectiveness of the bank's systems for delivering retail banking services and the extent and innovativeness of its community development services.

The bank's retail banking services are evaluated pursuant to the following criteria:

1) The current distribution of the bank's branches among low-, moderate-, middle-, and upper-income geographies;
2) In the context of its current distribution of the bank's branches, the bank's record of opening and closing branches, particularly branches located in low- or moderate-income geographies or primarily serving low- or moderate-income individuals;
3) The availability and effectiveness of alternative systems for delivering retail banking services (*e.g.,* RSFs, RSFs not owned or operated by or exclusively for the bank, banking by telephone or computer, loan production offices, and bank-at-work or bank-by-mail programs) in low- and moderate-income geographies and to low- and moderate-income individuals; and
4) The range of services provided in low-, moderate-, middle-, and upper-income geographies and the degree to which the services are tailored to meet the needs of those geographies.

The bank's community development services are evaluated pursuant to the following criteria:

1) The extent to which the bank provides community development services; and
2) The innovativeness and responsiveness of community development services.

The AA is a moderately competitive market that includes several large national and regional financial institutions. According to the June 30, 2024 FDIC Deposit Market Share Report, 44 financial institutions operated 451 branches in the AA, which includes Poppy Bank and its 3 branches. Of these institutions, Poppy Bank ranked 34th with 0.1 percent of the deposit market share. The top 5 institutions in the AA account for 72.9 percent of the deposit market share and approximately 65.9 percent of total branches. The three largest financial institutions are Axos Bank, Wells Fargo Bank, and JP Morgan Chase Bank.

There is a high level of competition for small business loans in the San Diego AA. In 2023, 176 large lenders reported 110,755 small business loans. Among these institutions, Poppy Bank ranked 103rd with 3 small business loan originations and a market share of less than 0.1 percent. The top 5 small business lenders are large nationwide lenders and account for 74.8 percent of the lending market share. In 2022, 187 large lenders reported 114,391 small business loans. Among these institutions, Poppy Bank ranked 102nd with 4 small business loan originations and a market share of less than 0.1 percent. The top 5 small business lenders are large nationwide lenders and account for 67.9 percent of the lending market share.

GLOSSARY

Aggregate Lending: The number of loans originated and purchased by all reporting lenders in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

American Community Survey (ACS): A nationwide United States Census survey that produces demographic, social, housing, and economic estimates in the form of five year estimates based on population thresholds.

Area Median Income: The median family income for the MSA, if a person or geography is located in an MSA; or the statewide nonmetropolitan median family income, if a person or geography is located outside an MSA.

Assessment Area: A geographic area delineated by the bank under the requirements of the Community Reinvestment Act.

Census Tract: A small, relatively permanent statistical subdivision of a county or equivalent entity. The primary purpose of census tracts is to provide a stable set of geographic units for the presentation of statistical data. Census tracts generally have a population size between 1,200 and 8,000 people, with an optimum size of 4,000 people. Census tract boundaries generally follow visible and identifiable features, but they may follow nonvisible legal boundaries in some instances. State and county boundaries always are census tract boundaries.

Combined Statistical Area (CSA): A combination of several adjacent metropolitan statistical areas or micropolitan statistical areas or a mix of the two, which are linked by economic ties.

Community Development: For loans, investments, and services to qualify as community development activities, their primary purpose must:

(1) Support affordable housing for low- and moderate-income individuals;
(2) Target community services toward low- and moderate-income individuals;
(3) Promote economic development by financing small businesses or farms; or
(4) Provide activities that revitalize or stabilize low- and moderate-income geographies, designated disaster areas, or distressed or underserved nonmetropolitan middle-income geographies.

Community Development Corporation (CDC): A CDC allows banks and holding companies to make equity type of investments in community development projects. Bank CDCs can develop innovative debt instruments or provide near-equity investments tailored to the development needs of the community. Bank CDCs are also tailored to their financial and marketing needs. A CDC may purchase, own, rehabilitate, construct, manage, and sell real property. Also, it may make equity or debt investments in development projects and in local businesses. The CDC activities are expected to directly benefit low- and moderate-income groups, and the investment dollars should not represent an undue risk on the banking organization.

Community Development Financial Institutions (CDFIs): CDFIs are private intermediaries (either for profit or nonprofit) with community development as their primary mission. A CDFI facilitates the flow of lending and investment capital into distressed communities and to individuals who have been unable to take advantage of the services offered by traditional financial institutions. Some basic types of CDFIs include community development banks, community development loan funds, community development credit unions, micro enterprise funds, and community development venture capital funds.

A certified CDFI must meet eligibility requirements. These requirements include the following:

- Having a primary mission of promoting community development;
- Serving an investment area or target population;
- Providing development services;
- Maintaining accountability to residents of its investment area or targeted population through representation on its governing board of directors, or by other means;
- Not constituting an agency or instrumentality of the United States, of any state or political subdivision of a state.

Community Development Loan: A loan that:

(1) Has as its primary purpose community development; and

(2) Except in the case of a wholesale or limited purpose bank:

(i) Has not been reported or collected by the bank or an affiliate for consideration in the bank's assessment area as a home mortgage, small business, small farm, or consumer loan, unless it is a multifamily dwelling loan (as described in Appendix A to Part 203 of this title); and

(ii) Benefits the bank's assessment area(s) or a broader statewide or regional area including the bank's assessment area(s).

Community Development Service: A service that:

(1) Has as its primary purpose community development;

(2) Is related to the provision of financial services; and

(3) Has not been considered in the evaluation of the bank's retail banking services under § 345.24(d).

Consumer Loan(s): A loan(s) to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. This definition includes the following categories: motor vehicle loans, credit card loans, home equity loans, other secured consumer loans, and other unsecured consumer loans.

Core Based Statistical Area (CBSA): The county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population, plus adjacent counties having a high degree of social and economic integration with the core as measured through commuting ties with the counties associated with the core. Metropolitan and Micropolitan Statistical Areas are the two categories of CBSAs.

Distressed Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as distressed if it is in a county that meets one or more of the following triggers:

(1) An unemployment rate of at least 1.5 times the national average;
(2) A poverty rate of 20 percent or more; or
(3) A population loss of 10 percent or more between the previous and most recent decennial census or a net migration loss of 5 percent or more over the 5-year period preceding the most recent census.

Family: Includes a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. The number of family households always equals the number of families; however, a family household may also include non-relatives living with the family. Families are classified by type as either a married-couple family or other family. Other family is further classified into "male householder" (a family with a male householder and no wife present) or "female householder" (a family with a female householder and no husband present).

FFIEC-Estimated Income Data: The Federal Financial Institutions Examination Council (FFIEC) issues annual estimates which update median family income from the metropolitan and nonmetropolitan areas. The FFIEC uses American Community Survey data and factors in information from other sources to arrive at an annual estimate that more closely reflects current economic conditions.

Full-Scope Review: A full-scope review is accomplished when examiners complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is analyzed considering performance context, quantitative factors (e.g., geographic distribution, borrower profile, and total number and dollar amount of investments), and qualitative factors (e.g., innovativeness, complexity, and responsiveness).

Geography: A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

Home Mortgage Disclosure Act (HMDA): The statute that requires certain mortgage lenders that do business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. The reports include such data as the race, gender, and the income of applicants; the amount of loan requested; and the disposition of the application (approved, denied, and withdrawn).

Home Mortgage Loans: Includes closed-end mortgage loans or open-end line of credits as defined in the HMDA regulation that are not an excluded transaction per the HMDA regulation.

Housing Unit: Includes a house, an apartment, a mobile home, a group of rooms, or a single room that is occupied as separate living quarters.

Limited-Scope Review: A limited scope review is accomplished when examiners do not complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is often analyzed using only quantitative factors (e.g., geographic distribution, borrower profile, total number and dollar amount of investments, and branch distribution).

Low-Income: Individual income that is less than 50 percent of the area median income, or a median family income that is less than 50 percent in the case of a geography.

Low Income Housing Tax Credit: The Low-Income Housing Tax Credit Program is a housing program contained within the Internal Revenue Code of 1986, as amended. It is administered by the U.S. Department of the Treasury and the Internal Revenue Service. The U.S. Treasury Department distributes low-income housing tax credits to housing credit agencies through the Internal Revenue Service. The housing agencies allocate tax credits on a competitive basis.

Developers who acquire, rehabilitate, or construct low-income rental housing may keep their tax credits. Or, they may sell them to corporations or investor groups, who, as owners of these properties, will be able to reduce their own federal tax payments. The credit can be claimed annually for ten consecutive years. For a project to be eligible, the developer must set aside a specific percentage of units for occupancy by low-income residents. The set-aside requirement remains throughout the compliance period, usually 30 years.

Market Share: The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

Median Income: The median income divides the income distribution into two equal parts, one having incomes above the median and other having incomes below the median.

Metropolitan Division (MD): A county or group of counties within a CBSA that contain(s) an urbanized area with a population of at least 2.5 million. A MD is one or more main/secondary counties representing an employment center or centers, plus adjacent counties associated with the main/secondary county or counties through commuting ties.

Metropolitan Statistical Area (MSA): CBSA associated with at least one urbanized area having a population of at least 50,000. The MSA comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.

Micropolitan Statistical Area: CBSA associated with at least one urbanized area having a population of at least 10,000, but less than 50,000.

Middle-Income: Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 and less than 120 percent in the case of a geography.

Moderate-Income: Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 and less than 80 percent in the case of a geography.

Multi-family: Refers to a residential structure that contains five or more units.

Nonmetropolitan Area (also known as **non-MSA):** All areas outside of metropolitan areas. The definition of nonmetropolitan area is not consistent with the definition of rural areas. Urban and rural classifications cut across the other hierarchies. For example, there is generally urban and rural territory within metropolitan and nonmetropolitan areas.

Owner-Occupied Units: Includes units occupied by the owner or co-owner, even if the unit has not been fully paid for or is mortgaged.

Qualified Investment: A lawful investment, deposit, membership share, or grant that has as its primary purpose community development.

Rated Area: A rated area is a state or multistate metropolitan area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multistate metropolitan area, the institution will receive a rating for the multistate metropolitan area.

Rural Area: Territories, populations, and housing units that are not classified as urban.

Small Business Investment Company (SBIC): SBICs are privately-owned investment companies which are licensed and regulated by the Small Business Administration (SBA). SBICs provide long-term loans and/or venture capital to small firms. Because money for venture or risk investments is difficult for small firms to obtain, SBA provides assistance to SBICs to stimulate and supplement the flow of private equity and long-term loan funds to small companies. Venture capitalists participate in the SBIC program to supplement their own private capital with funds borrowed at favorable rates through SBA's guarantee of SBIC debentures. These SBIC debentures are then sold to private investors. An SBIC's success is linked to the growth and profitability of the companies that it finances. Therefore, some SBICs primarily assist businesses with significant growth potential, such as new firms in innovative industries. SBICs finance small firms by providing straight loans and/or equity-type investments. This kind of financing gives them partial ownership of those businesses and the possibility of sharing in the companies' profits as they grow and prosper.

Small Business Loan: A loan included in "loans to small businesses" as defined in the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of $1 million or less and are either secured by nonfarm nonresidential properties or are classified as commercial and industrial loans.

Small Farm Loan: A loan included in "loans to small farms" as defined in the instructions for preparation of the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of $500,000 or less and are either secured by farmland, including farm residential and other improvements, or are classified as loans to finance agricultural production and other loans to farmers.

Underserved Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as underserved if it meets criteria for population size, density, and dispersion indicating the area's population is sufficiently small, thin, and distant from a population center that the tract is likely to have difficulty financing the fixed costs of meeting essential community needs.

Upper-Income: Individual income that is 120 percent or more of the area median income, or a median family income that is 120 percent or more in the case of a geography.

Urban Area: All territories, populations, and housing units in urbanized areas and in places of 2,500 or more persons outside urbanized areas. More specifically, "urban" consists of territory, persons, and housing units in places of 2,500 or more persons incorporated as cities, villages, boroughs (except in Alaska and New York), and towns (except in the New England states, New York, and Wisconsin).

"Urban" excludes the rural portions of "extended cities"; census designated place of 2,500 or more persons; and other territory, incorporated or unincorporated, including in urbanized areas.

POPPY BANK

Section 7 – Disclosure Statements

CRA Disclosure Statement

The CRA Disclosure Statement contains the number and amount of small-business, community development, as well as small farm loans reported as "originated" or "purchased" by Poppy Bank.

The Federal Financial Institution Examination Council (FFIEC) releases the Disclosure Statements annually which are available online for review.

You can obtain our institution's CRA Disclosure Statements for the last two years on the FFIEC website at https://www.ffiec.gov/craadweb/DisRptMain.aspx.

To view the Disclosure Statement follow the link above, select the year you wish to review and enter either the Respondent ID or Institution Name.

The Institution Name is Poppy Bank
The Respondent ID is 0000057903

HMDA Disclosure Statement

The Home Mortgage Disclosure Act (HMDA) requires depository and non-depository lenders to collect and publicly disclose information about housing-related loans and applications for such loans, including several applicant / borrower characteristics.

Poppy Bank is exempt from HMDA reporting since the Bank did not meet the minimum loan origination requirements to file a HMDA LAR in 2025 or 2024.

You can view HMDA Disclosure Statements on the FFIEC website at https://ffiec.cfpb.gov/data-publication/2024 or get additional al information on the Consumer Financial Protection Bureau's website at www.consumerfinance.gov/hmda.
